

Dialogue with parents and students alike is seen as crucial by Beaconhouse. The company wishes to engage with you in developing the school for the future and creating an atmosphere of partnership to meet future challenges in particular the VI form curriculum offered by the school. The company will set up a website as a forum for parents and over the next few weeks and will send out a questionnaire seeking your views about the school. This is a genuine consultation exercise to ensure that your thoughts and needs are taken into account.

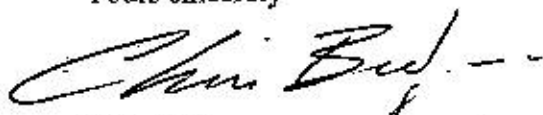

Beaconhouse representatives thanked the parents and staff for their continued support of the school in what has been a very challenging time.

As we move into a very exciting stage of the School's history, I write to personally thank you for your great support, patience and commitment over the past few weeks.

Newlands School is poised to move forward with the backing of an organisation which specialises in education and I am very confident that it will go from strength to strength.
